Keeping Our Children Safe!!

Let's work together as we have always done.

Irniamta Ikayurviat has been open since the fall of 2002. Our mission is to provide culturally appropriate, least traumatic and child/family-friendly services to our clients.

We serve the 56 villages throughout the Yukon and Kuskokwim Delta including Bethel.

We provide services to children and families who have been referred to us by our investigative partners; Alaska State Troopers, Bethel Police Department and the

Office of Children's Services. Referrals are those with allegations of child abuse and majority of allegations are child sexual abuse.

We provide bilingual forensic interview services to children up to age 18 and young adults over the age of 18 depending on their needs or other.

We work with children and their families with follow-up services; home phone-calls, home visits, court and medical accompaniment, and referrals to resources that provide other families needs.

We also travel on requests to villages to deliver education on issues regarding child sexual abuse; reporting, healing, etc.

For any questions, comments or clarifications on the services we provide, please call at this toll free number from villages;

1-888-543-3144 or from
Bethel at 543-3144
Fax number 543-3143
